What to Bring: Please consult **PAGE 5** of your AMGA SPI Program Handbook (available for download on the AMGA Students page of our website). Please bring **ALL** the required equipment each day of the course or exam. In the case that certain equipment is not required for a particular day, you will be informed that morning. **DO NOT** plan on sharing equipment.

Food/Water: Plan for long days at the cliff. We will not necessarily return to, or be close to vehicles. Pack enough food and water for the entire day; days can sometimes be over eight hours long.

Clothing: Weather is always unpredictable. Prepare for inclement weather, such as rain or cold temperatures. Have enough layers and a rain jacket. **Closed Toed Shoes are required.**

Attendance: If for some reason, you are unable to attend, please provide as much notice as possible. Courses and exams are **non-refundable**, unless for some reason we are unable to provide the course or exam. **We will allow students to defer their course or exam for up to six months for an additional charge. **Please understand that rescheduling students is not a standard offered in the industry, and we often do so at a significant financial loss on our end.****
